

Our ROLE is to empower learners for individual, community and global leadership and we value RESPECT, OPTIMISM, LEARNING and ENVIRONMENT

CURRICULUM AND LEARNING TEAM PHILOSOPHY

The work of the Curriculum and Learning Team is to ensure that all curriculum that is provided to students by the College meets their diverse intellectual, vocational and cultural needs. Further, that College curriculum management and delivery incorporate an ongoing receptiveness to innovative practices and a sustained responsiveness to new initiatives. Curriculum management is also driven by open and consistent evaluation and reflection about current practices on an ongoing basis.

This ROLE is underpinned by the college vision and values. Through the the Curriculum and Learning Team, we will empower our learners for individual, community and global leadership and our work reflects the college values of Respect, Optimism, Learning and Environment.

Respect is demonstrated by

- Valuing diversity and individual differences
- Acting with care and compassion
- Treating staff and students fairly and impartially

Optimism is demonstrated by ...

- Helping staff and students to focus on solutions rather than problems
- Encouraging meaningful communication to build positive relationships
- Recognising and celebrating the success and achievements of all staff and students

Learning is demonstrated by ...

- Encouraging staff and students to take responsibility for their learning
- Believing in our own and others capacity to learn
- Striving for excellence in what ever we do
- Providing guidance and support to staff and students
- Helping staff and students grow personally by participating in College and community activities

Environment is demonstrated by ...

- Fostering a strong learning culture across the College
- Working collaboratively with parents, colleagues and the community in the best interest of the students
- Providing a safe and supportive atmosphere that encourages personal growth
- Taking pride in the College and it's traditions
- Using our natural resources wisely
- Contributing constructively to a team
