

BENDIGO SENIOR SECONDARY COLLEGE

MATHEMATICAL METHODS 3-4 APPLICATION FORM

BSSC strongly recommends students who have completed Units 1 & 2 Mathematical Methods in year 10 complete our Unit 2 Methods bridging program to ensure key skills are embedded in order to maximise your study score in Mathematical Methods 3 & 4.

Students may be considered, on an individual basis to accelerate their study of Mathematical Methods 3 & 4 early by completing this form.

Name _____

Advisory Group/School _____

1. Why do you wish to be considered for the Mathematical Methods 3 & 4 in year 11?
(ie: what are your main reasons for applying?)

2. Is there anything about the Mathematical Methods 3 & 4 learning program that you might find challenging?
Explain

3. What are the qualities you have that will help you succeed in a Mathematical Methods 3 & 4.

Teacher and Self-Assessment

If you are interested in this program you must have this section completed by a teacher who has taught you for at least one semester this year. *You also need to complete this section as part of your self-assessment.*
