Certificate II in Building & Construction Pre-apprenticeship – 22614VIC

Course Overview

Certificate II in Building and Construction Pre-apprenticeship aims to provide learners with basic industry specific skills and knowledge to enable transition into an apprenticeship within the building and construction industries at the Certificate III level. This pre-apprenticeship course consists of a core of common cross sector units of competency that provide skills and knowledge in applying basic levelling procedures, carrying out basic measurements and calculations, communicating in the workplace, erecting and safely using working platforms, interpreting basic plans and drawings, preparing and applying for work in the construction industry, working effectively and sustainably in the construction industry and workplace safety practices onsite. The course also includes a range of units that introduce the learner to the application of specific materials, tools and equipment, and techniques used in specific trade sectors that underpin the Certificate III qualifications in the Bricklaying, Carpentry, Joinery, Shop fitting and Stair building, Painting and Decorating, Solid Plastering, Stonemasonry, Wall and Ceiling Lining and Wall and Floor Tiling trade sectors.

Please note: This course is only open to BSSC enrolled students. The information on this page is relevant for 2024 enrolments. Please see the [BSSC Program Guide](#) for further information.
