

Confucius Classroom

The Confucius Classroom is operated under the management of our college with support of our partner school, Dongzhou Middle School, Haimen Jiangsu Province. It is jointly funded by both schools, acknowledged and supported by the Chinese International Education Foundation to facilitate people-to-people exchanges, enhance global understanding and promote cross-cultural learning through language education program.

So far, 475 Confucius Institutes and 851 Confucius Classrooms have been established in 126 countries and regions. Confucius Institutes/Classrooms devote themselves to: satisfying the demands of people from different countries and regions in the world to learn Chinese language and culture; strengthening educational and cultural exchange and cooperation between China and other countries; deepening friendly relationships with other nations; promoting the development of multi-culturalism and constructing a harmonious world.

The Confucius Classroom at BSSC was established in late 2010 and officially opened in June 2011. Since the grand launch, there has been significant development and exciting achievements. We have worked with many local primary and secondary schools and help them with establishing and supporting their Chinese Language programs by organising or involving in the multicultural days, Chinese traditional festival events and Chinese cooking workshops etc.

We are currently running multiple community classes for those who are interested in Chinese language and culture. Based on students' previous learning experience and ages, they may attend classes at beginner, intermediate or advanced levels, adult groups or kids groups. We also run Taichi practice sessions in the Rosalind Park on Tuesday mornings. For detailed information, please go to www.bendigomandarin.weebly.com.

If your school is in the regional area in Victoria and is interested in establishing a Chinese language program with our support, please contact us for more details. If you are interested in our community classes, you can register for those classes at the beginning of each year.
